

MORE JOBS. GUARANTEED PAYMENT.

OverhaulOS sends real breakdown jobs from real transport companies straight to your phone — matched to your skills, near your location. You stay independent; we bring the work and guarantee the payment. Registration happens in the app and takes about 10 minutes.

WHY MECHANICS JOIN

- ▶ Jobs come to you — no hunting for work. Alerts match your specialties and your area.
- ▶ Payment is guaranteed by OverhaulOS. You invoice us, we pay you by EFT. No chasing companies.
- ▶ Invoices are generated automatically when you finish a job. Monthly statements included.
- ▶ Cross-border companies bring extra work — you are paid in your own currency.
- ▶ No joining fee. You earn from your very first job.

HOW A JOB WORKS

- 1 Job alert** A nearby breakdown matching your specialty pings your phone.
- 2 Accept** See the fault, vehicle and distance — accept if it suits you.
- 3 Navigate & confirm** Drive to the pin and enter the driver's 6-digit arrival code.
- 4 Repair** Fix it on site. Photos and notes go into the job card.
- 5 Get paid** Mark complete — the invoice is automatic and your wallet updates when payment clears.

HOW PAYMENT WORKS

- ▶ Complete the job and mark it done in the app – the invoice is generated automatically.
- ▶ OverhaulOS guarantees payment for completed, verified jobs. You never chase the transport company.
- ▶ You are paid by EFT, less the platform fee (currently 5%). Your in-app wallet tracks every cent.
- ▶ Withdrawals to your bank can be requested at any time from the app or web portal.
- ▶ Monthly earnings reports help you see your busiest roads, jobs and income at a glance.

NO CASH, EVER: drivers carry no money for recovery and are told never to pay a mechanic. If anyone asks you to deal in cash outside the app, report it to OverhaulOS support.

THE CODE OF CONDUCT

The network only works if companies trust every mechanic on it. Five commitments:

- ▶ Arrive within your accepted ETA and confirm with the driver's 6-digit code before starting work.
- ▶ Work safely: triangles out, high-visibility clothing, safe positioning at the roadside.
- ▶ Never ask the driver for cash. All payment flows through OverhaulOS.
- ▶ Quote honestly and invoice only for work done and parts fitted.
- ▶ Treat drivers, controllers and other mechanics with respect.

You act as an independent contractor, not an employee of OverhaulOS – you are responsible for your own taxes, tools and insurance. The full Mechanic Agreement is at overhaulos.com/terms.

GET THESE READY BEFORE YOU REGISTER

Registration is fastest when your documents are at hand – you photograph and upload them directly in the app.

- | | |
|---|--|
| ☐ ID / passport (or business registration) | ☐ Trade certificates / qualifications |
| ☐ Proof of banking details (< 3 months) | ☐ Proof of address |
| ☐ Photos of your service vehicle & tools | ☐ Two work references (name & phone) |

REGISTER IN THE APP – ABOUT 10 MINUTES

- 1 Download** Get the OverhaulOS Mechanic app (Android & iOS), or register at mechanic.overhaulos.com.
- 2 Your profile** Choose individual, workshop or towing operator; add your specialties and service area.
- 3 Upload documents** Photograph the documents above, straight from the app.
- 4 Banking details** Add the account where OverhaulOS pays you.
- 5 Verification** Our Network Operations team verifies you within a few business days – then jobs start.
